EDUCATION

Himalaya Darshan College

Bachelor's Degree in Computer Applications (BCA)

Biratnagar, Nepal

2021 – 2026 (*Expected*)

- Relevant Coursework: Data Structures, Algorithms, Database Management, Web Development, Software Engineering

TECHNICAL SKILLS

Languages: Java, JavaScript (ES6+), Python, SQL, HTML5, CSS3

Frontend: React.js, Responsive Web Design, Modern UI/UX Principles, Bootstrap, Tailwind CSS

Backend: Node.js, Express.js, FastAPI, RESTful API Development, Authentication & Authorization

Databases: MongoDB, MySQL, PostgreSQL, Database Design & Optimization, Query Performance Tuning

Cloud & DevOps: AWS, Google Cloud Platform, Docker, CI/CD Pipelines, Git, GitHub

AI & Automation: Prompt Engineering, Google Gemini, AI Agents, Workflow Automation

Methodologies: Agile/Scrum, Test-Driven Development, Object-Oriented Programming (OOP), Microservices Architecture

Tools: VS Code, Postman, Jira, Figma, Canva, draw.io

PROFESSIONAL EXPERIENCE

Information Technology Assistant

Biratnagar Medical College Teaching Hospital

May 2026 – Present

Biratnagar, Nepal

- Responsible for maintaining and developing internal hospital systems and IT infrastructure.
- Leading architecture planning for the hospital's in-house management system covering patient registration, queue management, and medical workflows.
- Built a Laravel web application during the technical assessment process, demonstrating rapid full-stack delivery.

Full Stack Developer & Prompt Engineer

Metapillar (Remote)

Feb 2025 – Feb 2026

United States

- Architected and developed scalable full-stack web applications using React.js, Node.js, and MongoDB/MySQL, serving thousands of users with 99.9% uptime.
- Designed and implemented RESTful APIs with Express.js, reducing average response time by 40% through query optimization and efficient data modeling.
- Built responsive, mobile-first user interfaces using React.js and modern CSS frameworks, achieving 95+ Google Lighthouse scores for performance and accessibility.
- Deployed and managed applications on AWS/GCP, implementing CI/CD pipelines that reduced deployment time by 60%.
- Contributed to prompt engineering – designing, testing, and refining prompts for AI-assisted systems and integrating AI tools into project workflows.
- Implemented authentication and authorization systems using JWT and OAuth 2.0; conducted code reviews and mentored junior developers.

Full Stack Developer Intern

Saghuro Digital Pvt. Ltd.

Nov 2025 – Jan 2026

Biratnagar, Nepal

- Developed and optimized full-stack modules for Nextap, MyResumio, and Eventio360 using React.js, Node.js, Express.js, and MongoDB.
- Built and enhanced RESTful APIs, improving backend performance through efficient database querying and schema optimization.
- Implemented dynamic card builder features for Nextap Live with real-time customization and preview functionality.
- Improved resume generation modules in MyResumio, enhancing UI responsiveness and user experience.
- Developed event creation workflows and QR-based validation modules for Eventio360, improving event access management.
- Collaborated with UI/UX and QA teams in Agile sprints, maintaining technical documentation with zero critical bugs.

NOTABLE PROJECTS

AI-Powered SaaS Hiring Platform – Built an intelligent resume screening platform using Google Gemini API that automatically evaluates candidates. Features automated document processing, smart scoring, and recruiter dashboard using FastAPI, React, and PostgreSQL.

E-Commerce Platform – Built a full-stack e-commerce application with React, Node.js, and MongoDB featuring authentication, Stripe payment integration, product search and filtering, admin dashboard, cart functionality, and order management.

Real-Time Chat Application – Developed a real-time messaging application using Socket.io, Node.js, and React with private/group chats, file sharing, and online status indicators optimized for low latency.

Task Management System – Created an Agile project management tool with drag-and-drop Kanban boards, sprint planning, and team collaboration using React, Express.js, and PostgreSQL.

ADDITIONAL INFORMATION

Certifications: Experience Letter – Metapillar LLC (Feb 2025 – Feb 2026, Full Stack Developer & Prompt Engineer) | Internship Completion Certificate – Saghuo Digital Pvt. Ltd. (Nov 2025 – Jan 2026, Developer Intern) | freeCodeCamp Responsive Web Design

Languages: English (Professional), Nepali (Native), Hindi (Conversational)

Interests: Open-source contribution, Algorithm competitions, Cloud architecture, Machine Learning
